

Section 12: Collaborative Events with Other Organisations

Scripture Union will only work with organisations that have their own Child Protection Policy and are responsible for the recruitment and management of their own staff and volunteers, including meeting the legal requirements of Garda Vetting.

Scripture Union may ask to view the Child Protection Policy of an organisation that they work with on joint events.

Scripture Union is responsible for the recruitment and vetting process of their own staff and volunteers.

In the event of a collaborative residential event, Scripture Union reserves the right to ask the other organisations Vetting Officer for written confirmation of Garda Vetting of staff and volunteers involved.
